**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I quit Comcast and went to Sonic because Comcast hooked me in with a bundle price which they kept raising. Then when I contacted customer service because I couldn't afford the price I was told to call back in 3 months and see if they could help me then. Sonic is a local company with great service and wonderful customer and technical service. Their price has remained exactly what they told me it would be.

Corporations think that they can dictate to their customers because they are big. If you limit competition they bully costumers. Continued price hikes hurt people that are on sixes incomes whether it's a salary or social security. Most people can't handle large increases. Telephone and internet are many peoples connection to the world.
